PROCLAMATION

Trigeminal Neuralgia is a rare and incurable facial nerve disorder that causes sudden and severe pain in the face. The Calgary chapter of the Canadian Trigeminal Neuralgia Association is a voluntary organization providing support and information to those affected by the disease.

Whereas: *Trigeminal Neuralgia Awareness Day* raises public understanding of the disorder and brings hope to those people who suffer in silence;

Whereas: While most sufferers of Trigeminal Neuralgia are over the age of 55, it can affect people of any age, race or gender;

Whereas: Trigeminal Neuralgia is often misdiagnosed and sufferers can endure years of pain before the proper course of treatment is prescribed.

On behalf of City Council and the citizens of Calgary, I hereby proclaim October 7, 2018 as:

“TRIGEMINAL NEURALGIA AWARENESS DAY”
